OneStream Software welcomes Taysols to Gold Partner status.

Sydney, Australia, September 25th, 2021: Today, Taysols, a trusted advisor in corporate performance management, is pleased to announce the achievement of becoming Australia's first Gold level OneStream implementation partner.

Taysols' Gold level partner status is a recognised achievement for their outstanding commitment to OneStream Software's strategic vision of delivering exceptional value to shared clients within Australia and New Zealand.

OneStream provides an Intelligent Finance Platform for the modern enterprise that simplifies and aligns corporate performance management processes such as financial consolidation, reporting, planning and analytics. OneStream's platform can easily be extended with over 50 financial close, planning and analysis, and productivity solutions.

Achieving OneStream Gold partner status reflects the dedication, support, and capabilities Taysols has provided to organisations across the Asia Pacific region, successfully implementing the OneStream solution for organisations such as Wesfarmers, DRA Global, Downer Group, CIMIC Group, MolyCop, and Seven Group Holdings.

"We are delighted to be recognised as Australia's first Gold level OneStream partner" said Jayson Hammond, Managing Director of Taysols. "This achievement reflects our continued commitment and dedication to delivering world-class OneStream solutions for Asia Pacific organisations and our track record of delivering live OneStream systems on time and within budget."

"We are thrilled to announce Taysols has achieved Gold level partner status," said Stephanie Cramp, senior vice president, global alliances of OneStream Software. "This status is awarded to partners who meet our high standards and continue to deliver exceptional solutions that drive value for our customers. Taysols' new partner status is a reflection that more companies are turning to OneStream's unified solution to simplify their financial processes and increase operational insights."

As an exceptional OneStream implementation partner within Australia and New Zealand, Gold Partner status represents an unparalleled level of internationally recognised trust for organisations when selecting Taysols to implement their OneStream solution.

About OneStream Software:

OneStream Software provides a market-leading intelligent finance platform that reduces the complexity of financial operations. OneStream unleashes the power of finance by unifying corporate performance management (CPM) processes such as planning, financial close and consolidation, reporting and analytics through a single, extensible solution. We empower the enterprise with financial and operational insights to support faster and more informed decision-making. All in a cloud platform designed to continually evolve and scale with your organization.

OneStream is an independent software company backed by private equity investors KKR, D1 Capital Partners, Tiger Global and IGSB. With over 750 customers, 200 implementation partners and 900 employees, our primary mission is to deliver 100% customer success.

About Taysols:

Founded in 2002, Taysols is a leader in Enterprise Performance Management and Business Analytics with over 500 engagements for public, private, and international organisations. Taysols is also a Gold level partner of OneStream in Australia, with over four years of OneStream implementation experience replacing client's aging systems like SAP BPC, HFM and IBM TM1, streamlining their Financial Close, and enhancing an organisation's Planning, Budgeting and Forecasting capabilities.

Taysols is also the owning founder of the Solantic Group, a global enterprise performance management (EPM), business intelligence and managed services provider. Solantic offers organisations a wide variety of options for hosting, support, managed services and implementation, backed by service level agreements specifically structured for CPM and understands the nuances of financial close and budgeting/forecasting cycles.
