Taysols Named 2022 Power of the Platform Winner by OneStream

Sydney, Australia, May 27th 2022 – Today, Taysols, a trusted advisor in corporate performance management, is pleased to announce they have been recognised as a Power of the Platform Award winner by OneStream at the 2022 Splash Global User Conference and Partner Summit. The Power of the Platform Award recognises the top four OneStream implementation partners who have truly extended the OneStream platform for customers over the past year across North America, Latin America and APAC.

OneStream provides an Intelligent Finance Platform for the modern enterprise that simplifies and aligns corporate performance management processes such as financial consolidation, reporting, planning and analytics. OneStream's platform can easily be extended with over 50 financial close, planning and analysis, and productivity solutions. OneStream's annual Splash conference brings together finance experts, OneStream staff, customers and partners from around the globe to learn about new innovations, share best practices, review customer successes and gain hands-on training.

"We are honoured and delighted to receive the OneStream Power of the Platform Award," said Jayson Hammond, Managing Director of Taysols. "I thank our wonderful team for their continued effort and dedication in delivering this outstanding project, our clients for their support, trust and belief, and OneStream for making this possible. This award is a testament to what is possible with the right consultancy behind the OneStream platform for Finance and beyond."

"We are thrilled to announce Taysols as a 2022 Power of the Platform Award winner," said Stephanie Cramp, Senior Vice President, Global Alliances at OneStream. "This award highlights our dedicated partners, who serve as trusted advisors that go above and beyond to deliver customer success, allowing customers to unleash the power of finance through the OneStream platform and drive long term growth".

Headquartered in Sydney, Taysols are trusted experts in the delivery of OneStream, with a proven history of assisting leading organisations in streamlining and enhancing their financial and enterprise performance.

Taysols has aided large ASX and privately owned Australian organisations in replacing their aging HFM, SAP BPC, TM1, Hyperion Planning, and other legacy EPM solutions with OneStream. Taysols has delivered numerous landmark OneStream solutions, including; Australia's first OneStream deployment, a OneStream solution that has been recognised as one of the most comprehensive Planning solutions globally with the CIMIC Group, and now winning OneStream's Power of the Platform award.

Taysols is also the only authorised OneStream Training partner in Australia and has delivered the most OneStream implementations in the region, ensuring clients enjoy unprecedented expertise and support for their OneStream solution.

About Taysols

Founded in 2002, Taysols is a leader in Enterprise Performance Management and Business Analytics with over 500 engagements for public, private, and international organisations. Taysols is also a Gold level partner of OneStream, with five years of OneStream implementation experience replacing client's aging systems like SAP BPC, HFM and IBM TM1, streamlining their Financial Close, and enhancing an organisation's Planning, Budgeting and Forecasting capabilities.

Taysols is also the owning founder of the Solantic Group, a global enterprise performance management (EPM), business intelligence and managed services provider. Solantic offers organisations a wide variety of options for hosting, support, managed services and implementation, backed by service level agreements specifically structured for EPM and understands the nuances of financial close and budgeting/forecasting cycles.
